

Printer-Friendly Wildflower Catalogue

This catalogue of wildflowers and sedges is intended to be easier to print than the interactive displays on the main website. Some users may find it more convenient to print and browse this version at their leisure, then order their selections on the Quick Order Form, for which there is a link at the top of every page of the website.

SOUTHEAST ENGLAND LOCAL-ORIGIN (S.E.L.O.) WILDFLOWERS

Local-origin wildflower seed is preferred for establishing wildflowers in environmentally sensitive areas. Local origin seed is likely to be better established to local conditions and to pose less threat to the genetic integrity of nearby wild populations than seed taken from further afield. Herbiseed's Southeast Local Origin seed is the preferred option for sowing in Southeast England.
